## THANK YOU WORKING BEE TEAM 17<sup>TH</sup> JANUARY

Robert Steffens	Matt McKenzie	Cleve Rose
Colin Cameron	Jackie Morgan	Jim Nixon
Graham Radford	Marco Poggi	Greg Zyner
Neil Atkins	Britta Huttel	Leanne Zyner
Frans Warffemius	Helen Buckland	Peter Walker
Greg Taranto	Phil Dressler	Ken Terrens
Sorrell Lambie		

The bin area has never looked so good, thanks to Robert, Frans, Marco and Matt in his shiny red ute to haul it all away.

The storage area was cleaned to within an inch of its life, starting with Graham and the buoys and ground tackle and chucking out anything that wasn't required or properly labeled, Frans giving the contents of the Robbie R and Carlyle bags a thorough wash down, later to be joined by Jim with Robbie R equipment checking and the like, Greg T, Colin and Helen (good at throwing out things) in the boat room, and later still Helen, Colin, Greg Z, Leanne and Ken doing a number on the maintenance room. It's amazing how the junk accumulates. Thanks Greg T for taking that trailer load of rubbish to the dump.

Before anyone had arrived Colin had sugar soaped the upper deck and was hosing it down (that man never sleeps!). Sorrell and Colin swept the excess water off the deck in time for the bridal party to set up. And, with time on her hands Sorrell and Jackie tackled some of the windows and dirty walls and skirting boards on the deck and in the toilets.

The pontoon was not forgotten, Neil, Peter and Colin giving the metal parts of the pontoon a coat of paint, while the wharf pile painting team, starting with Britta, soon grew to a re-assigned Peter and Neil, and assisted by Cleve and Phil.

Robert also had time to pressure hose the concrete ramp to the north of the club, while Leanne, Greg Z, and Frans swept the area around the sailing school.

Thank you Jill for cleaning up after morning tea.

A solid morning's (and early afternoon's) work - you should all give yourselves a pat on the back.

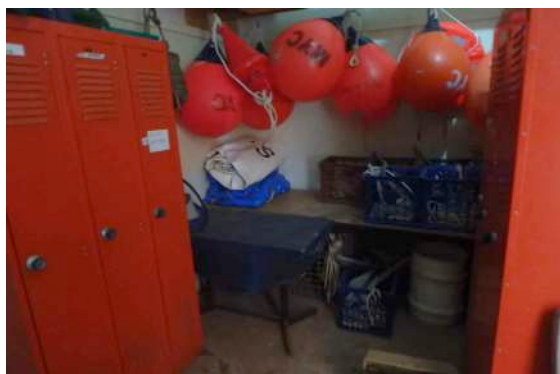

I love directing traffic and watching people work.

**PLEASE ASSIST BY PUTTING THINGS BACK WHERE YOU FOUND THEM AND USING THE BIN AREA RESPONSIBLY**

# COMMODORE'S REPORT

Organising the racing is part of the fun of racing! No this is not another plea for race committee volunteers (although we still have blanks in the roster and volunteers should email [dutyroster@myc.org.au](mailto:dutyroster@myc.org.au)). This time I'm looking for bigger fish to fry!

As I'm well into my 3rd year as Commodore of the club, I note that in many clubs that would mean I would be entering my final few months! Often clubs enforce a strict 3 year fixed term policy, to ensure that the commitment of becoming a flag officer, whilst significant is at least finite. I'm not about to move a spill motion any time soon, but I do think that the club needs to consider how to keep the organisation fresh and sustainable.

Being part of the club administration is a commitment, but it is also incredibly rewarding. I hope that all the flag officers, directors and volunteers take as much joy as I do from seeing the club functioning well: the social buzz on the deck after a twilight; the hive of activity on a Saturday as learn to sail, sailability and our juniors fill the club with life; the hard fought but fun racing on a Sunday; MYC sailors challenging nearby clubs, the state and the nation; and our clubhouse and facilities incrementally improving week by week!

Thus as we are within sight of the end of the season and our AGM, I'd like to extend an invitation to all members to come and share the joy of being part of the sailing committee.

You don't have to be a boat owner and you don't have to be the most experienced sailor.

If you are community minded and would like to partake in the challenge of doing something that is neither your day job nor an individual pass time, then give a thought for becoming part of the sailing committee. This might just be for a single season to give a hand, or it may be the start of a progression to Commodore!

Volunteers are most welcome! But if you sail with somebody that you think would be good, then please feel free to nominate, suggest, nudge, cajole etc. I would note that Division 2 is the heart of the club in terms of numbers, but that they are perhaps a little under represented on the sailing committee! Winter Race Directory is an immediate vacancy that needs to be filled.

Finally, I would like to give special thanks to the Rear Commodore and others that looked after my duties whilst I was away for a few months. A great example of how the club runs as a collective!

### SPEEDY RECOVERY JEFF

You may be wondering where those famous handlebars are ... Well, Jeff hasn't been so well in the last little while, so much so, that his beloved yacht Kestrel II has left North Harbour (but still in the family via his nephew).

Jeff assures me he is 90% on the road to recovery and when he is at 95%+ he will take up San Toy's invitation for a twilight sail. We will hold you to that Jeff!

## PRESIDENT'S REPORT

It has been an active and successful sailing summer for MYC.

Most importantly our juniors now hold the Manly Junior National title for the first time in many years ... an outstanding effort considering our junior sailing programme was virtually non-existent not so long ago.

All those involved in getting our Junior Sailing programme up to speed deserve our praise ... not least Greg Taranto who has been a driving force.

We also had a number of members making the trek to Hobart ... Jim Nixon as always was out there but a number of newbies to Hobart took the trip on the elegant and powerful Eureka II, amongst them Stephen from TwoCan and Beck from Runaway Taxi.

Meanwhile big changes continue to be seen at the club. Some of the observant ones MAY have noticed the door near the bar has moved from one side to the other! This was to accommodate the new fridges (very high tech with blue lights and smoked glass doors). There is also a new glass washer and new under-bar fridges.

This almost completes the renovation work on the bar, which will make life much easier for our RSA volunteers (no more carrying bottles to and from the kitchen fridges).

A new hand-washing basin (Occupational Health and Safety requirement) has been installed and soon storage for glasses will be installed, completing the renovation.

We are coming up to the end of our financial year again, and as usual we will be looking for new blood on the Board to replace those retiring ... in particular we will be in need of a new Secretary as Robert Steffens is planning to travel next year and wont be available ... let me know if you think you could help.

I am very glad to report that I have received the draft report of our Junior Coaching and Racing Program Strategic Review committee. This 40-page report holds a wealth of information and recommendations. It will be progressively released ... first to the Board and then more widely... more to come on this soon.

We are also coming down to the final straight of a major review of our membership categories. I hope to report on this in detail next month, however a major change is the proposal to move our renewals from April to August/September to more closely align with the YA/YNSW renewal period.

So, another active year for the Board.

See you on the water.

David Lewis  
President

## A FAVOURITE SPOT

In 1986 Bob and Merle Rowland fresh back from living in the Solomon Islands were strolling around Manly Cove and came across Manly Yacht Club. The then club president, Doug Ebeling welcomed them with a hearty g'day and the story goes that within minutes Bob and Merle agreed to become club secretaries.

Neither Merle nor Bob were sailors but they loved the water and Bob loved fishing. For 15 years Bob and Merle were at the club everyday - they did the cleaning, hall bookings, lugged the gas bottles up the stairs for the barbeque; Bob never missing a board meeting.

In June 1987 when I became president he had been in the role for some months and was an accurate minute taker and contributed greatly to the development of the MYC. Bob and Merle were loyal to the bone; never complained and loved being involved with our club. When duty had all been done for the day Bob would often be caught, legs dangling over the end of the jetty, keeping a low profile, with fishing line in hand.

There are many stories that could be told about this amazing couple and 'praps a final good story is that all of the Rowland family gathered at the end of the MYC jetty mid January and said a final good bye to Bob with the spreading of his ashes.

Bob and Merle are life members of the MYC - Bob passed away 7/6/2007.

RIP

*Gene Scott*

## Mooring Madness!

It is getting increasingly difficult to get insurance for a boat stored on a mooring, especially in the area of Manly Cove and Little Manly.

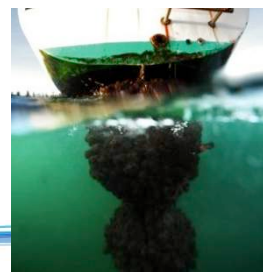

Whilst there are some efforts by the BIA, Maritime and Yachting organisations to address this issue and/or reform mooring standards and procedures, there is still a lot we can do ourselves to help improve the situation.

The best thing we can do to help the situation is to stop boats washing ashore on a semi regular basis, as happens in Manly Cove and Little Manly. Prevention starts with our own boats and it is vitally important that we ensure our moorings are sound and get them regularly serviced. Note that it may not be wise to wait for a service reminder to arrive from your mooring provider, as these have been known to be sent late, which has resulted in boat losses on at least two occasions. In addition to the mooring, it is just as important

to check that the fitting on your boat is sound, as some recent stranding have been due to cleat failure rather than mooring failure.

Of course all sharps and potential wear points need to be protected as well.

If you see another boat that is looking precarious on it's mooring (e.g. growth on it's rope, line off it's roller etc.), then please contact the RMS and/or the club, so that it can be reported and fixed before it becomes another statistic in the insurance companies calculations for providing insurance or not.

# HISTORY – SOLING YARNS

## BIRTH OF THE SOLINGS AT MYC

A sailing Mum was disappointed that the yacht on which she was crewing was sold. So she decided to get her own yacht to enter MYC events. Her name was Ivana McAlpine. She had completed a sailing course at the Australian Sailing School at Spit and had been impressed with the lively open hull Olympic Class Yachts called Solings. The school offered the kind of membership that included private use of the boats if you booked in advance.

She booked a Soling, was ferried to the boat and sat waiting for the crew to arrive. They were students at the sailing school but she did not know them. When they arrived she made an announcement *“This is the first time I have ever taken control of a keel boat and now is your chance to get off.”* “No worries”, they said and stayed.

The Soling sailed to Manly, was late for the start but completed the race and eventually sailed back to the Spit in a strengthening breeze. One of the crew was an airline pilot, full of confidence, Ivana thought, with nerves of steel. But his knuckles were white by the time they got back.

Back at the Club questions were asked about this snappy little yacht. Fast, cheap to buy and an Olympic class. Mike Jeffreys, an excellent MYC sailor, came for a sail in the following race and was hooked. He bought *AOLIS* and Ivana bought *TOYBOY*. Then he and Ivana planned a Soling take over of the club.

*Why do AOLIS and TOYBOY have the same sail number?  
Confuse the Race Committee?*

They approached the Board to build up a Soling class at MYC and strengthened their case by citing the fact that the Sydney Olympics were approaching, seven years to become world class, and the yachts were relatively cheap, sporty and fast.

The Commodore, Bruce Davis, and Secretary, Pam Davis and the President Gene Scott all agreed and sold their current boats and, within a few months there was a fleet of four. Others followed...

*Ivana Gattegno*

## 1999 AUSTRALIA DAY REGATTA

Whilst Solings won the trophy for the most one design yachts in the Regatta, Ivana McAlpine (Gattegno) and her crew of David Parle and Hugh Barton won the Soling

division prize. That meant Ivana would get the overall trophy for the regatta... huge, prestigious and solid silver.

But there was a snag. Only clubs of great standing with the word Royal in their title could display the trophy in their own premises. MYC did not count. However, Ivana had a plan. Although skippers only were invited to the award ceremony Ivana got permission to take her mother, Milena, a sweet and innocent old lady, who was in Australia on holiday. It was Milena standing in for Ivana who went up to the dais and received the trophy. Then, all smiles, she walked straight out of the building taking the trophy with her.

The trophy remained in the custody of MYC for about one week before being returned. During that time it was photographed in the hands of the winning crew. This historic photo, when found, will be published in the Club Newsletter.

## 2000 SYDNEY OLYMPICS

The Sydney Olympics have been covered in a previous article titled ‘Events of Note’ but because it is so relevant to the Solings at the Club it is worth a bit of repetition.

Manly Yacht Club embraced Solings prior to the Olympics. At the State titles in 1996 there were eleven Solings competing and nine of them were based at MYC. Bruce Davis secured a third in *Trio Astarde* and Ivana McAlpine in *Toy Boy* was fourth. In 1998 there was a Soling Blue Water Classic. All the big names were there and Neville Wittey was the winner. Bruce Davis was a credible 10<sup>th</sup>. MYC sailors competed with the worlds best in regattas and trials on Sydney Harbour. Overseas Olympic competitors leased MYC Solings to train on Sydney Harbour.

The significant role that MYC played in the warm up to the 2000 Olympics is demonstrated in this extract from the 164<sup>th</sup> Australia Day Regatta Handbook:

### ***“Manly Yacht Club***

*The summer of 1999-2000 promises to be one of the most exciting times ever for the International Soling class ,with the focus on three selection regattas in late December to decide the crew to represent Australia at the Sydney 2000 Olympic Games.*

*Not only are the (MYC) crews heavily involved in the lead-up to Sydney 2000, but much work is being done behind the scenes, including the organisation of selection regattas, on water judges for the match racing section, race committees and measurers who have volunteered their time to help an Australian crew win gold.*

*The NSW championships for the Soling Class and the Australia Day Regatta should be an important lead-up regatta for Sydney 2000. Last year the Soling Class won the prestigious Royal Sydney Yacht Squadron One Design Trophy for having the most one design yachts racing on Australia Day, with 13 boats...*

*Three divisions are planned for the 2000 Regatta – Championship, nonhiking and antifouled.*

*Further information from Ivan Fitz-Gerald.”*

## CHAOS CUP REPORT *by Greg Wilkins*

Seven MYC boats took up the opportunity of free entry in the Middle Harbour Chaos and Bedlam Cup, joining 36 MHYC boats and 14 Super 30s in MHYC's version of the marathon, which goes on a direct course up the Parramatta River, passing under the Gladesville bridge to a turning mark at Abbotsford.

The forecast was for light winds, which made the 25nm course look very daunting, although understanding the MHYC handicap start sequence were probably just as daunting for some of our boats. The narrow confines of the river channelled the breeze so we all started well without infringing other boats or the exclusions zones too badly (for newbies).

With a 4m swell coming in the heads, there was a lot of surge in the sound and it was difficult for many boats to settle. Yet despite the large range of starting times, most boats soon had racing companions and many individual duals broke out as the fleet swapped the surge of the sound for motorboat chop around the bridge. Except for *Bella*, who as one of the smallest boats in the fleet started early and was not seeing any other boats. She started thinking she had the date / course / time wrong! *Shear Magic* and *Twilight Express* were probably a bit out of place in the handicaps, but at least had a good OD design pairing to race against.

It's always fun flying a kite under the Harbour Bridge and most of the fleet were able to do that, except of course for the non-spinnaker entries like *Moonraker* (kids on board) and *Pompadi* (2 up), for whom Bedlam Point was starting to look a long, long way.

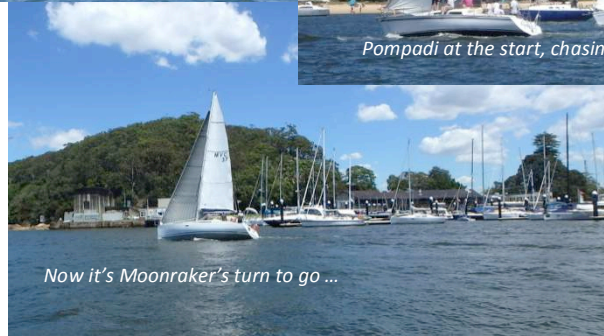

But soon after the Harbour Bridge, the seas flattened and the wind was again being channelled by the river, so it was good dead running no matter which way the river turned. Great for the symmetric and pulled out head sails, but *Bella* and *Esprit* with their asymmetric were seeing a lot of either bank and getting lots of gybe practise.

*Bella. first out of the blocks*

*Pompadi at the start, chasing a competitor*

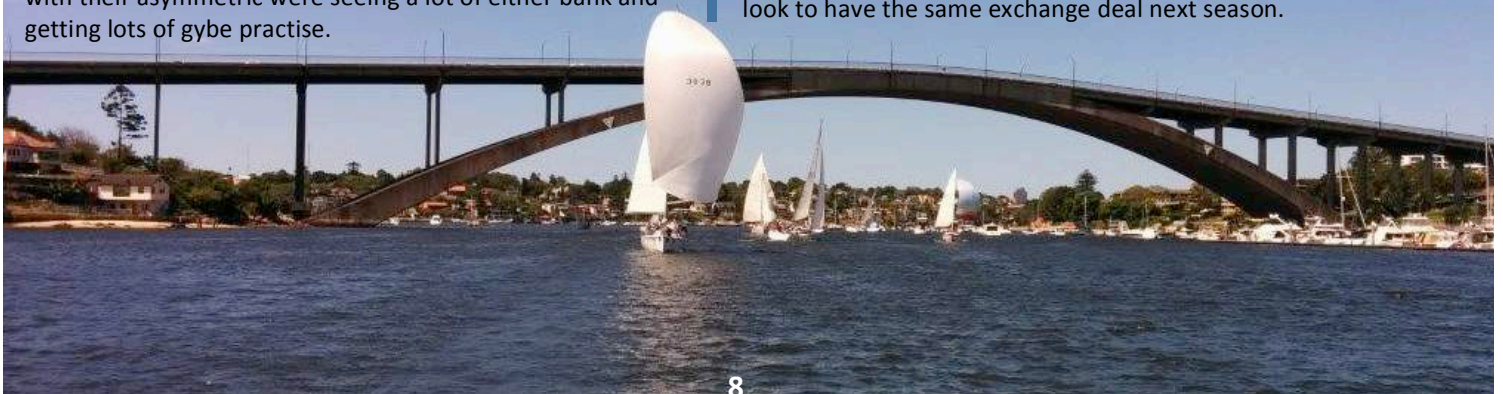

*Now it's Moonraker's turn to go ...*

In the end, *Esprit* decided to run wing and wing with the asymmetric, which kind of worked even if it did confuse many as to which board we were on. *San Toy* also doesn't fly, but had entered in the kite division and her big main helped her out up the river.

But all boats except one of the Super 30's manage to avoid touching any of the unfamiliar real estate. *Rapid Transit* had a bit of a delay on a mud bank for a while, but managed to refloat with hopefully no pride damaged.

The turning mark at Bedlam Point allowed the boats out front their first good look at the chasing pack. It also allowed the boats out the back to see that there was an end in sight to the seemingly endless turns of the river. *Bella* way out the front, thought she had a chance, but the breeze started to die as she passed Fort Denison and *Esprit* was the first of many to run over her, but she narrowly held off *San Toy* for the finish. The light breeze convinced *Pompadi* not to make the left turn for the finished and instead sailed straight home for a DNF, but all other MYC boats ghosted up the river for the 3rd kite run of the day to the finish.

*Esprit* loved the flat water moderate breeze conditions and grabbed 2nd in Div 2, with the rest of MYC making a respectable appearance throughout the results. Having a combined event made it a fun day with different boats to race against and we'll look to have the same exchange deal next season.

## MANLY LASER BOYS DO WELL AT STATE MASTERS

Five of Manly Yacht Club Laser sailors competed in the **NSW/ACT Masters 2014/15 Championships** held at **South Lake Macquarie Amateur Sailing Club** over the weekend of 7/8 February.

There were 131 Lasers broken into two fleets: 59 Radial and 72 in the larger Standard rig. A long start line was needed! Five races were held over the two days in light to moderate winds.

It was quite an experience with some fierce racing. Average time between 1<sup>st</sup> and last in each fleet was about 4 minutes showing the competitiveness of all the sailors.

Three of our guys were in the **Apprentice Master Standard Rig** division: *Ian Saunders* was 9<sup>th</sup>, *Ed Wray* was 10<sup>th</sup> and *Iain Cameron* was 11<sup>th</sup>. There were 15 boats in that division.

The other two were in the older **Master Standard Rig** division of which there were 31 boats: *Garth Riley* came 29<sup>th</sup> while *Philip Reid* came 12<sup>th</sup>.

Overall in the Standard rig fleet our members were: *Ian Saunders* 22<sup>nd</sup>, *Ed* 25<sup>th</sup>, *Philip* 33<sup>rd</sup>, *Iain Cameron* 35<sup>th</sup> with *Garth* 70<sup>th</sup>.

Not bad for a bunch of old guys ...  
...sorry, I mean Masters.

## SECOND LAST RACE OF THE QUAY MARINE AND UNITED CINEMAS SUMMER SERIES

Sailed in favourable conditions for all with approximately 5-15knots over the course giving everyone a chance of sailing their best.

We had 3 boats Div 1 and 10 boats Div 2 all of which finished the race.

No big stories for the day as it was pretty smooth sailing around the buoys and most enjoyable.

The convergence of about 4-5 boats in Div 2 on the finish line was tribute to our handicapper and system with each boat flying a spinnaker (if they had one) and tucking wind resistance (crew being tossed overboard) to edge ahead. Lots of fun!

So, hotting up for the last race... Div 1 has only 1 point between 1st and 2<sup>nd</sup> ... *Copernicus* from *Shear Magic*... looks like a close battle to the bitter end!

Div2 has 4 boats within 5 points of each other with *Runaway Taxi* edging ahead at this point followed by *Eos*, *Lautrec* and *Lady Canasta*.

Take no prisoners I say and may the best boat and crew win!

See you all for the last gasp and don't forget anyone who entered and raced in the series is eligible to win the Grand Prize from Quay Marine!

Looking forward to the day!

### JUST THREE SECONDS!

On our final leg home we were straining every sheet to hold a very shy run. The topping lift broke under the load and had to be jury rigged, but we held our spinnaker to the finish and pipped 'Lautrec' on the line by three seconds. It never ceases to amaze how important every second counts, even after two or three hours on the water. Thank you 'Two Loos' for a very exciting tussle.

## MYC AUSTRALIA DAY REGATTA

A heavily overcast day with a strong South Easterly breeze was the outlook this morning, resulting in less boats going out than originally expected.

Ivan and Denis, Jack and Ollie, David W and Tony, Peter and Juliette, Helene and Adam, Michael and Craig decided to brave the weather, and enjoy the discomfort. Pam and Bruce were in the Start Boat, and set a long course for the racing boats. Barry, Caroline, Colleen and Eli went in *Charlie's Chariot* as the cheer squad, and to take photos, as well as drive the boat, keep their eyes out for safety purposes, and set and change the course buoys.

The first race started with all boats clearing the start line within 10 seconds. First across the line were Peter and Juliette (*Black Swan*). A variety of approaches was made to the first buoy, with Helene and Adam going in the opposite direction to everyone else. Denis and Ivan (*Woody*) were clearly in the lead by the time they rounded the first buoy, with Jack and Ollie (*Eli D*)

Light Blue	Eli D	Jack	Oliver	5
Aqua	Alex	Michael	Craig	6

not too far away. David and Tony (*Vin*) were also in the first rounding group and it was a race for the second buoy, when *Vin* managed to overtake *Eli D*.

Helene and Adam (*Dolly Wallis*) were swiftly making ground, while *Black Swan* was doing its best to pass them. The race finished in very good time, while the weather closed in, the wind speed picked up. At this stage, Jack and Ollie, as well as Michael and Craig elected to go home, as the skippers did not feel that racing was safe with their participant crews.

That left *Woody*, *Dolly Wallis*, *Vin* and *Black Swan* to contest the lengthened race in strong winds and a rapidly rising swell. Racing was very exciting, with the field completely spread out over the course area, only coming together to round the buoys. In the end, after a very hard fought race, *Woody* came in first, *Vin* second, *Dolly Wallis*, 3<sup>rd</sup> and *Black Swan* 4<sup>th</sup> in the second race.

Who had the most fun? It is too hard to say.

Eli

Meanwhile ... *San Toy* elected to compete in the Australia Day Regatta Botany Bay race – and Eli, I can guarantee – you guys had the most fun! ... Maz

Pam Davis and Brian Wilson attended a race officers' course at the RSYS and subsequently served on the Committee boat at three of the trials to select the Australian team. Bruce Davis, Ivan Fitz-Gerald (President of the NSW Soling Association), David Parle (Sec of the Australian Soling Association) and Paul Glasser (President of the Australian Soling Association) became official measurers for the Solings. Pam Davis, Bob Buchanan and John Corby were measurers for the Finns.

Manly Yacht Club became the base for all the support boats other than the Committee boat and Club members acted as delivery drivers for the RIBs borrowed from the MSB. "There is 80 kilos of chain in the bow but don't open the throttle too fast or you will flip over backwards" was the advise from the MSB officer who handed over the RIBs.

Manly Yacht Club was seriously involved.

## STATE TITLES

Bruce Davis successfully campaigned his Soling 'Trios Astardi' with Ivan Fitz-Gerald and Robert Fagan as crew. They they won the State Title on three separate occasions and Ivan Fitz-Gerald won it twice. Ivana McAlpine was Club Champion with Toy Boy 11 in 1999.

*Trio Astardi in the green and gold*

## THE MASTERS

A highlight of the Soling days was the Soling Masters held in Slovenia in the year 2000. Ivana McAlpine (Gattegno), Ivan Fitz-Gerald and Robert Fagan were seduced at a cocktail party by a group of International "hot shot" Soling identities and ended up by entering the Masters. When they entered they thought there was little likelihood of being able to borrow a boat. Who would lend a Soling to three unknowns from the other side of the world? Well, the "hot shots" fixed it, albeit at the very last minute and the MYC trio found themselves "...competing on the idyllic Adriatic, the Mistral powering our sails." They made a credible 8<sup>th</sup> overall.

The trip was not without its trials and tribulations. The full story makes a good read and will probably make a future historic article.

## MINI REGATTA

Pam Davis and Sue Pocock with one other woman used to campaign a Soling in the early days of Solings at MYC.

Sometimes there was only two them and they would co-opt whosoever was handy to fill the third spot. One such occasion was a Mini Regatta and Brian Wilson was the one co-opted as helmsman. Sue was the fore-deckie and Pam was the heavy weight in the middle. Brian described the race thus...

*"At the start we were last and whereas every one else took off up the right-hand side of the course which was favoured, we took the left. Miracles do happen and so there came a massive wind shift, which made our losing tack into a winner and we laid the first mark. We took the windward mark well in front of the fleet and set the kite for the finish. However we were sailing by the lee. 'We gotta jibe Sue, we gotta jibe, Sue, NOW or we'll never make the finish'.*

*'I'M NOT JIBING THAT BLOODY SPINNAKER FOR ANYONE'. So, we sailed by the lee and we did make it, just. And we won by half a metre."*

## MEN OVERBOARD

The Soling Sailors were eager to cash in on the fact that Solings were an Olympic class and MYC was keen to promote them in the Club. To gain publicity and engender enthusiasm, State Titles were organised to be run by MYC and there was a campaign to recruit as many Solings as possible to enter.

Gene Scott, at that time a Soling sailor, was not available so he lent his Soling to Brian Wilson who recruited Robert Fagan and Neil Wilson as crew. Robert was the fore-deckie because he had sailed on a Soling before. During the race Neil, amid-ship, threw himself to the windward side during a tack and disappeared over the side. He totally missed the foot straps. By the time the yacht returned to pick him up he had fought off the crew of a cruiser who were determined to rescue him and was refusing a beer offered by another craft.

Later on with the spinnaker up they were bowling along at a fine pace when suddenly the spinnaker was yanked out of shape. Brian looked behind. There was Robert, about 5m back in the water, hanging on grimly to the spinnaker sheet and creating a fine bow wave of his own. Neil reeled him in.

They completed the series, but they didn't get a podium finish.

The Laser fleet has come along in leaps and bounds over the past few years and this season sees 5 boats head to the NSW Masters Championship held in South Lake Macquarie Sailing Club. Ed Wray (*Tequila*), Phil Reid (*Sin Scael Eile*), Garth Riley (*Cheeky*), Ian Saunders (*Sirjje*) & Iain Cameron (*Seanile*) all headed north representing MYC.

After completion of **heat 7 of the Club Championship** there has been a change at the top order. Ed Wray (*Tequila*), hanging onto the lead overall by 2 points from Phil Reid (*Sin Scael Eile*) and Ian Saunders (*Sirjje*) dropping back to 3rd place overall after a letting Geoff Reid (*Grampage*), slip past him to claim 3rd. Those three boats at the top seem out of reach for the rest of the fleet in claiming any silverware, but its not over yet. Pete Bremner (*Little Miss Giggles*) sailed well in the heat to pick up a 5th.

**The Autumn Point Score** is starting to look really interesting with 5 heats left to sail for the season and plenty of contenders for the top three places. With heats 6 & 7 now in the bag, Phil Reid (*Sin Scael Eile*) has emerged as the front runner with a 2 point lead over both Tim Docker (*Deluge*) and Peter Bremner (*Little Miss Giggles*) in 2nd.

Images at <https://www.facebook.com/manly.lasers/posts/753901568034179>

I was on duty for those two heats and gladly welcomed the season average point score so far. However my boat did race that day sailed by future Laser sailor and MYC member Ken Levido who managed to bag a 5th and 1st and was awarded the Winner Cap for his trouble.

Veronique Morgan-Smith (*Freytivant*), made a rare appearance this season and sailed very well in heat 6 to take the win.

Over the past few weeks Sean O'Dwyer has not been able to race as he had Navy commitments running dive boats offshore. He has managed to make it to the deck however post race to judge the Catering Award for the season which is nice. The Keg Cup is also shaping up with 5 boats in contention.

# PITTWATER YHA MINI REGATTA

THANK YOU Pittwater YHA, Teusner Wines, Yaffa, Pepper Tree Wines

This year we had 16 boats enter of which 14 raced on the day and 13 finished the 4 race series.

The wind started out 8-12knots South to South East – swinging to the east and back to the south all day providing the race committee with hours of entertainment (headache!) setting and re-setting start lines and courses throughout the day (anchors down – anchors up!)

For the boats racing it was fantastic and challenging with the swinging wind. The racing was sailed in good spirit with nearly all boats having a hard luck story or two to share at the end of the day.

The Ynglings from RSYS were a stand out and pushed the MYC fleet to race their best where possible. It's always a challenge with short courses – tack tacking and spinnakers up and down and jibing etc. (crew getting in tangles and tangles getting in sheets and sails) and marks appearing out of nowhere (Bill!), but heck its fun trying to get it right! Not much resting and certainly no champagne and canape's!

As with most short course PHS racing it's basically a day of steady improvement in your performance which will get you the results.

The winners were *Miss Pibb* (Yngling) from *Debauch* (Yngling) and our *Melody* (Ivana Gattegno) was third.

Winner of the coveted 'BIGGEST MUG' award was *Mr Mojo* (Yngling) for flying their spinnaker sideways for one whole leg.

Winner of the Sponsors award YHA Pittwater – 2 nights accommodation at YHA Pittwater for 4 people was *Starpac* (J24) Lia Darby.

BIG thanks to the race committee for 100% effort setting fabulous courses and start lines etc. with the minimum of fuss!

BIG BIG thanks to Maz Radford for everything! And to Peter Mac for bullying people to enter in the first place! (ve hav our vays!)

One notable event which was almost worthy of the Biggest Mug was when Graham (Race Officer) was poised ready to raise the Blue Peter Flag and on the count down, apparently the phone rang, and assistant Greg Z, instead of sounding the hooter, answered the phone – leaving Graham to smile and wave everyone past with a momentary 'egg on his face' look before hoisting the AP to go again.

(Had to laugh hey Graham!)

Thank you, to all those who participated - here's hoping to see you all again next season!

## MANLY YACHT CLUB ART EXHIBITION SEPTEMBER 2015

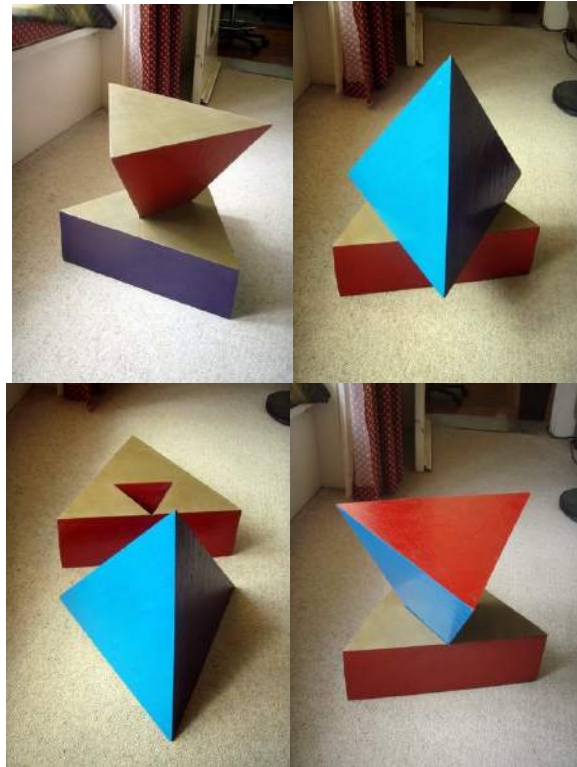

Have you been inspired? I created a piece in 2005 anticipating a re-run of the very successful show in 2004. It seems I 'jumped the gun' by 10 years!

'The Doctor' was my inspiration. Now you may ask doctor who? Well it could have been the Manly Mayor, of the time, Doctor Peter MacDonald, who opened the 2004 exhibition, but you were right first time, it was 'Doctor Who'. I wanted something symbolic, powerful and multi-dimensional. The 'Dodecahedron' featured in an episode. The Tigellans used it as a power source. The Deons believed it a gift from God. A scaled down version was used as the Tardis Data Core.

Not wanting to copy exactly the above mentioned polyhedron I constructed a 'Tetrahedron' (right) on a triangular base, on which to display and present it for your perusal.

Feel the Tetrahedron's, mystic, power and explore its possibilities.

'Pablo' Cameron.

### FROM ANOTHER TIME...

Close to 40 yachts and crews turned out for Manly Yacht Club's annual Cristal D'Arques Women's Challenge last weekend – the biggest roll-up ever. The highlight of the program was an invitation-only sprint series on Saturday contested by five top skippers and their crew in three-handed Soling keelyachts. The series was won by Pittwater skipper Sue Walters and crew mates Lindy Hardcastle and Caroline Brisbais, with Lindsey Marwood, Jeny Danks and Juliette Vern second, and Olympic gold medallist Jenny Armstrong, Tania Ebeling and Sue Rice third.

Racing was tight, with each of the placegetters scoring two wins in the six race series. The following day 32 craft took part in fleet racing in keelboats, Manly Juniors and Mistral sailboards.

CREW LOOKING FOR BOAT

**Name:** Ian Mathews  
**Email:** [igmathews69@gmail.com](mailto:igmathews69@gmail.com)  
**Phone:** 0452 203 440  
**Experience:** Male 45yrs of age, completed RYA Competent Crew Course last week (Jan '15) Hamilton Island and looking for first outing post course. No previous crewing experience (or bad habits) prior to course. Familiar with the sea and wind conditions from many years surfing and some hang gliding.

**Name:** Cat Lamb  
**Email:** [catherine.lamb@y7mail.com](mailto:catherine.lamb@y7mail.com)  
**Phone:** 0426 411 735  
**Experience:** I recently completed a beginners sailing course with Anne & Chris at Manly Sailing School and crewed once on a boat at Royal Prince Alfred sailing club. I am eager to crew regularly on a boat and hopefully become part of a good team. I enjoy the whole team work element to sailing and although I am at beginner level I am very enthusiastic about learning more. I am available most Sundays and on the regular Friday for twilight sailing.

**Name:** Lucy Cope  
**Email:** [lucy.annabel.cope@gmail.com](mailto:lucy.annabel.cope@gmail.com)  
**Experience:** I live in England and have come over to Sydney for 6 months. I am a member of SCYC in Abersoch where I have sailing since I was little. I used to race mirrors and toppers when I was younger and now my family have a Sigma 33, which we race in Ireland and also Scotland. I love sailing and would love to spend some time on the water over here even if it's just for an hour!
